Rural Destinations Do It Differently

10 Steps to Becoming a Place People Want to Visit

Chris Hughes

BC Hughes

A deep dive into why being different is your greatest asset. In a world of homogenization, box stores, retail strips, and fast food, the travel market is shifting and looking for more intimate and real experiences. Learn how to uncover your greatest strengths and mobilize them into possibly the next-big-thing.

Chris has a special gift. He sees opportunities to make people smile and is driven by the little things that make businesses and destinations fun and memorable. All of those things that surprise someone and make them want to capture the moment are paramount to his way of thinking.

An outside the box kind of guy, Chris has a ton of experience working with tourism regions and destinations, building visitor experiences, strategies and touring routes, as well as working with private and public attractions, destination marketing organizations, mom and pop resorts, campgrounds and motels.
